Advanced Thinking & Advanced Thinking Switzerland continues to raise the bar on the Strategic & Operational Excellence market with an improved version of Lean Six Sigma Yellow Belt, now embedding the latest developments, approaches and tools adapted to the new market realities and to the new Open Source Six Sigma Curricula & Assessments as well as to the IASSC BoK & Certification Requirements.

OBJECTIVES – PARTICIPANTS ABLE TO

1. Effectively and efficiently perform their daily activities;
2. Successfully contribute as Team members in business, processes, products and service IMPROVEMENT Projects and prepare themselves for LSS YB certification ; Prepare themselves for LSS Green Belt level;
3. Be successful entrepreneurs;

SCHEDULE

The program contains 3 days of practical 8 hours and can be customized based on Customer needs.

TARGET AUDIENCE

General
Cross-industry, private or public;
Cross-functional;
Entrepreneurs;

Professionals
Individuals interested in achieving the maximum potential in management and improving business;
Teams of Business Improvement, Business Transformation, Restructuring, EHS, Human Resources;
Existing or aspiring White and Yellow Belts;
Lean practitioners;

TRAINING MATERIALS

Training materials will be made available in electronic format in the first day of each module. All lectures will be delivered – per request - in English OR Romanian, and the support materials such as slides and other presentations will be provided in English, to assist your preparation to participate and to be competitive in any team worldwide.

DELIVERY MODE

Workshop style delivery balancing theory (30%) and practice (70%);

LINKAGES WITH OTHER METHODOLOGIES

- Linked to the Quality Programs using RCA, 8D and NCR (Non conformity Management)

TRAINING CURRICULUM

Will cover all internationally recognized requirements and will prepare the participants for any worldwide Lean Six Sigma Black Belt certification, independent of the certification bodies.

It is adapted to the new Open Source Six Sigma Curricula and Assessments as well as to the IASSC BoK and Certification Requirements. In the same time other requirements such as American Society of Quality, Six Sigma ISO standards as well as the requirements for internal certifications taking place within multinational Companies and Consultancy Companies which organize certifications are covered.

AFTER PROGRAM - GRADUATION

- Participation Diploma from Advanced Thinking or Advanced Thinking Switzerland is awarded.
- We can support you in competing for any worldwide certification you might want, anywhere in the world such as IASSC.
- If you also choose to get certified with us, please note that at Advanced Thinking & Advanced Thinking Switzerland we are organizing practical Project-based LSS certifications all levels – Yellow Belt, Green Belt, Black Belt and Master Black. Belt, under the internationally recognized conditions (at least 1 project successfully completed in a coached environment).

PRICE

To facilitate the participation, the payment methods may vary, as follows:

Standard price is 900 Euro + VAT/ participant.

For 2 participants from the same Company you will receive a 5% discount;

For 3 participants from the same Company you will receive a 10% discount;

For more than 3 participants from the same Company or group of people, the price will be negotiated separately. Team Discounts are applicable to standard pricing and are only available to members of the same organisation registering at the same time.

Note: The price includes all the training materials in electronic format and coffee breaks.

TRAINING TEAM

The team is led by Dr. Master Black Belt **Cristian Matei**, one of the few worldwide Senior Consultants in Leadership and Management having a double certification as Lean Six Sigma Master Black Belt - Alstom Group France/ Switzerland and Six Sigma Academy- USA.
